Stitch Meisters loves to share photos of our customers finished products on our website and/or social media(s).
 If you do not wish for us to share your product, please sign or initial here: _____

Pricing is calculated starting at \$0.02 per square inch for edge to edge designs. Border to Border (All over design for quilt center with separate border design) starts at \$0.03 per square inch. Custom quilting prices vary based on design & complexity starting at \$0.04 per square inch. *Additional costs apply if additional services are required at a rate of \$15.00 per hour.

Fullness and/or puckers within a quilt and its' borders cannot be quilted out. Although we try our best, we cannot guarantee that puckers and tucks may have to be sewn in. In some cases, excessive fullness in borders may result in our quilt corners not being square. NOTE: The flatter your quilt lays, the better the finished results will be. Please square up the backing & quilt top before longarm quilting.

- Batting can be supplied by you or Stitch Meisters can supply it at additional cost.
- Stitch Meisters offers the following batting choices for your quilt:
- Hobbs 80/20 Heirloom and Quilters Dream Cotton Poly batting 120" width in stock and priced at \$0.35 per linear inch. Limited selection of Quilters Dream Wool or Dream Cotton Packages in stock.
- *Additional charges may apply for extra services such as repairing seams, squaring up or seaming backing, pressing top or back, shipping etc. To avoid these charges, please review the quilt preparation.*
- Prices are based on the square inches in your quilt and the complexity and density of the design.
- Machine binding services available for \$0.05 per linear inch when cut, ironed, & prepared by you. IF I cut, iron and prep fabric for binding the cost is \$0.10 per linear inch to complete. **ALL** done by machine! If you prefer hand sewn binding cost is \$0.25 per linear inch to sew on OR \$0.40 to create & sew on by hand.
- NO extra charges for basting, # of bobbins used/thread. ****Variegated thread is an additional \$10 charge.**
- To approximate quilting charges multiply the length and width of the quilt for total square inches.
- (Length _____ x Width _____ = Total Square Inches - Total square inches _____ x Fee _____ = Approx cost _____)

* Prices do not include shipping. Please insure your work, you worked hard on it!

* NC Residents will be charged sales tax at a rate of 6.75%

* **Terms & Conditions:** Prices subject to change without notification (02/10/2020). A deposit may be requested depending on the job. Stitch Meisters will make every effort to provide premium quality services and will not be responsible for consequential damages.

Quilt Preparation

Preparing your quilt properly will save time and money.

By following the recommendations below, you can avoid delays as well as "add-on charges".

- Backing fabric & batting should be **at least 4 inches WIDER** than your quilt top on **ALL 4 SIDES**. This is necessary to load your quilt onto the machine properly.
- Have quilt top and backing fabric completely pressed, making sure all seams are pressed flat.
- *Selvage of fabric should be removed from seams on backing.* The selvage edge will shrink differently when laundered, causing puckering at the seam lines later on. It could also cause the back to pucker and or pleat during the quilting process. **Press in one direction.**
- **If needed, or if it is important to you,** please mark or label the top of quilt and your backing.
- **Square up backing fabric with 90° corners so it can load onto the machine properly.**
- Remove all excess loose thread from back & top of quilt as they may show up as "varicose veins".
- **Add ALL embellishments, pins, buttons or bows AFTER all the quilting has been completed .**
- Please verify that all seams are complete; NO open seams &/or holes. Lay your quilt out on a flat surface and verify that the quilt lays flat, especially the borders. **(See Fullness Disclaimer).**
- **Fold all pieces separately and neatly and attach this completed order form.**
- **Note:** All quilts **WILL be trimmed to the edge of the quilt top unless you specifically request no trimming of the quilt.** All leftover backing fabric will be returned.

THANK YOU FOR YOUR BUSINESS

Payment is due upon receipt— (Cash or check is preferred payment type)
